

## Optional Mixed-Gender Cabin

We are committed to creating a safe and positive experience for all camp and retreat participants, including our transgender, non-binary, and gender non-conforming participants. In an effort to increase inclusivity, this year we are offering an optional mixed-gender cabin.

### **What is a mixed-gender cabin?**

A mixed-gender cabin is made up of participants of all genders. These cabins are supervised by skilled, culturally-competent adult leaders.

### **Who can stay in a mixed-gender cabin?**

Any participant, with permission of a parent or guardian, may stay in a mixed-gender cabin. This may be a great option for non-binary, gender non-conforming, and transgender participants and their friends.

***Be sure to complete the related question while registering.***

### **What if I am not comfortable with my child staying in a mixed-gender cabin?**

We understand that not all parents, guardians, or participants are comfortable with a mixed-gender cabin. When that is the case, we will assign your child to a single-gender cabin. We trust parents and guardians to make the best decision for their child. ***Be sure to complete the related question while registering.***
